Radio Goes For \$10! Snow Tires For ??

The Antioch News mail auction was a little different last week, as you may have noticed. There were four winners instead of one.

The items up for sale last auction were four transistor radios from Wilton's Electric Shop. The four winners happily claimed and paid for their merchandise and had their pictures taken.

Low bidder of the four was John L. Clemens of Antioch and Chicago. We couldn't get his picture, as he was unable to get to the office last week. Mr. Clemens bid \$10.02, and bought his radio for that price.

Next was Hilda Stern, who paid \$13.95 for her radio. Mrs. Stern's husband, Harry, picked up her radio.

Next was James V. Robertson of R.R. 2, Lake Villa. Mr. Robertson's bid was \$16.00.

High bidder of the four winners was Frank A. Gramer of R.R. 3, Box 24, Antioch, with a bid of \$20.00.

A real prize is up for grabs in next week's auction — a pair of Firestone Town and Country Snow Tires.

The tires being bid on are worth \$65.87 retail. Mounting the tires is included. The tires are 7.50 x 14 Whitewalls. If these don't happen to fit your car, you can exchange them for a different size by paying the difference in price. The tires are purchased by the Antioch News from the Firestone Dealer in Antioch on Depot Street.

We go back to the former rules of the auction for this week — there will be only one winner. Each entrant can enter as many bids as he wishes, but each must be on

Lions Will Sponsor Turkey And Trap Shoot Sept. 23rd

The hunting season is fast approaching and the Antioch Lions Club is starting it off with a bang! This year when they hold their Turkey and Trap Shoot Sunday, September 23rd.

Starting at 10 a.m., the location for the shoot will be at Sunny Acres, south of Antioch on Route 21. Committee chairman, Joe Patrovsky said signs will be posted on the highways directing the public to the site.

The committee is planning something for all age groups Patrovsky said. Anyone old enough to walk will be able to participate he said.

The Turkey shoot will be the main event, with contestants shooting at stationary targets. The closest one to be awarded a turkey.

Another event expected to attract area marksmen is a trap shoot. There will be many prizes for those who can bring down the clay birds.

Patrovsky also said that contestants can bring their own guns and their own shells if they so desire, but no rifles will be allowed. Weapons will be available at the shoot for those who don't have their own. All standard gauge shells will also be in hand for the participants.

The bow and arrow enthusiasts will be able to exhibit their prowess at the archery contest. The bowman will be shooting for prizes also.

For those less skilled, Patrovsky said, we will have a Lucky Shoot. Participants will fire a shot gun at a paper

Nary Donovan Leaves Antioch

Miss Nary Donovan, who recently resigned from the faculty of Antioch High School, accepted a position for the coming year at the Kenosha High School. She will be teaching the Girls' Physical Education classes and Health classes, as she did at Antioch.

Miss Donovan, who taught the last 16 years at Antioch, will reside here while teaching in Kenosha.

During the past summer, Nary attended courses in guidance counselling at DeCATur, and expects to receive her degree in this course next year.

drowning when their boat sank in Lake Marie.

The only boat on the lake in the high waves and wind that day, the power boat was finally swamped after the men's efforts to bail it out proved futile. Only one of the four occupants of the boat, Brad Lawler of Chicago, could swim. He swam to shore and called the Rescue Squad for help. The others, Albert Guidici and his son, Peter, of Chicago, and Frank Congiu of Niles, clung to the boat. During their wait, the men said, Congiu lost his hold on the boat and sank twice.

Rescue squad members borrowed a boat from a nearby resort to rescue the men. Their own boat, they reported, shipped water in the high wind, but the rescue was safely completed and the men treated by the Rescue Squad for shock and exposure.

On August 25 the squad took Harold Wilton of Antioch to Victory Memorial Hospital.

On August 28, Joseph Killikowski of Chicago was taken to Victory Memorial Hospital after an apparent heart attack.

On September 1, JoAnne DeHeur was taken to Victory Memorial Hospital after becoming ill at Klapp's Resort.

On September 3, Mrs. Clara Wegner, 72, of Camp Lake, was taken to Victory Memorial Hospital by the squad.

Also on September 3, they were called to Slide Inn when 20-year-old Steve Lutz fell out of a tree onto a concrete divider. He suffered a double fracture of the left ankle and possible fracture of the back. He was taken to the office of Dr. Kopriva.

They were called to the scene of an accident near Paty's Lounge on Route 173 on September 1, where they took 5 year old Michael Schulz, suffering from lacerations of the face, and his mother Mary Schulz, with rib and back injuries, to the office of Dr. Kopriva in Antioch.

JoDonna Jorgenson was taken to the hospital by the squad after she was injured when her car collided with one driven by her husband.

Somehow, It Got Twisted--

You know that warm, righteous glow which pervades your being when you catch someone else in a mistake? That delightfully superior sensation, so sweet (and so rare), as you contemplate the work of this poor nincompoop who simply can't get things right?

This is particularly true if you, yourself, have been guilty of several rather inebriate-appearing errors recently. Of course, perfectly understandable. Anyone should be able to understand that we are extremely rushed, we have many important matters to deal with, it isn't, really, surprising that we should occasionally make a small error.

Other people, of course, have no such excuse. They have plenty of time, their work is considerably simpler, and there's really no excuse for making those silly mistakes.

Anyway, we're happy to say — in fact, we're downright delighted to say — that that error you may have noticed in last week's Antioch News WAS NOT OUR FAULT. Virtuously, we wish to inform you that the picture of Sharon Friedrick and Jerry Pankusius was mistakenly labeled a picture of Dale Collins and Art Letkey, winners of the Twist contest at the Twin Lakes Ballroom. And that it was Sharon and Jerry who won first place in the contest. And also, that the

Last Resort-- No Decision

No decision was reached by the Lake County Liquor Commission in the case involving their charge that the Last Resort was guilty of selling liquor to minors.

The most recent case involved two nineteen year old girls who were involved in an automobile accident after allegedly drinking at the Last Resort.

The girls testified that they not only bought liquor at the resort, but were bought a drink by the owner.

The owner countered with testimony that the girls had never been in his establishment. Witnesses for the Last Resort testified that pressure had been brought to bear on the girls to testify as they did.

The Lake County Liquor Commission is expected to reach a decision in the case in a meeting today (Thursday).

Girl Scout Fund Drive

The fund drive of the Girl Scouts got under way Sunday, September 9, in this area.

Mrs. George Sedivec is chairman of the Fund Drive for the Sequoyah neighborhood. Mrs. C. Klefner is Fund Drive chairman for the Lake Villa area.

The Girl Scouts do not receive any aid from the community chest. The quota for the Antioch area in this drive is \$550.00.

The Sequoyah area includes 23 troops and 384 girls. The cost per girl is \$9.21 for administration, training of leaders, supplies, publicity, program service and camping administration.

About 100 volunteer adults work with the Girl Scouts in the Sequoyah area, as troop leaders and committees. None of these workers receive any pay.

Adult workers will call at your door for contributions. The Girl Scouts themselves do not solicit funds. So when a worker calls at your door, be generous.

Commission Reviews Operation Spotlight

The Lake County Safety Commission held a special luncheon meeting here yesterday and reviewed plans for "Operation Spotlight". Operation Spotlight is the intensified traffic law enforcement program presently under way by the County.

The commission's executive director, Eugene G. Landen said that both Gov. Otto Kerner and Secretary of State, Charles F. Carpenter were invited but reported they would be unable to attend.

Landen said that as soon as statistics for the first round had been worked out and the entire county is covered, "we'll start all over again."

The operation has been utilized six times thus far and has two more phases yet to be completed.

M. Stillson In Hospital

Melvin M. Stillson, teacher at Antioch Township High School and head of the Industrial Arts Department, has taught 28 years at the school without missing a day because of illness. His record was broken this year when he had to be hospitalized for major surgery.

Mr. Stillson is at present in Victory Memorial Hospital where he underwent a second operation on Wednesday, September 12.

Mr. Stillson has been Department Chairman of the Industrial Arts Department since that post was created nine years ago. As Chairman of the Department, he is a member of the Education Council, which evaluates the school's program and recommends changes and improvements.

Roy Keller, a retired Industrial Arts teacher from Arlington Heights who has been serving as a substitute teacher for Waukegan and other high schools, is filling the post left vacant by Mr. Stillson's absence on a day-to-day basis. The date when he will be able to return to his duties is uncertain.

Robert Schrader, of Kopper-Piccone Motor Co., 960 Main St., Antioch, has earned membership in the "100 Club," a group of outstanding salesmen in Lincoln-Mercury dealerships. T. C. Smith, Chicago district sales manager for Lincoln-Mercury Division announced today.

His sales proficiency placed him among the top third of all Lincoln-Mercury salesmen and earned him special recognition from the Lincoln-Mercury Sales Council.

Completion of New Addition At ATHS Is Anticipated Soon

Five of Antioch High's brightest will try to "bring home the bacon" — the bacon in this case being improvements for the Antioch High School library — when they compete in a quiz show on WNBQ, Channel 5, sometime in late September.

The five finally selected to compete in the quiz are Janet Polley, Rick Prossie, John Hallvas, Solveig Nelson and Carol Lasco.

Wife Hurt In Crash

Richard D. Jorgenson of Antioch was driving west on Route 173 about 7 a.m. last Sunday (Sept. 9) when his car skidded rounding a curve, he veered into the wrong lane, and crashed head-on into a car driven by his wife, JoDonna, who was driving east on the same road.

Both cars were wrecked. Both Jorgenson and his wife were injured, but Mrs. Jorgenson most seriously. She was taken to Victory Memorial Hospital.

Wanted: Music Chess Or Talk

Hospitalized servicemen at Great Lakes need your help.

Your Lake County Red Cross is charged with the responsibility of providing entertainment and recreation for these soldiers, sailors and airmen who do not have the opportunity to leave the hospital and get to know Lake County.

If the men can't visit Lake County, fraternal, social, civic and industrial groups can take Lake County to the men.

A few hours playing chess, checkers, pinocle or even tidbits-winks with a man who can't move from his bed makes one realize the statement, "As you give so shall you receive" is true. Musical groups or hobby clubs will find a welcome audience who will join in song or discussion.

Mr. William E. Scott, Red Cross Entertainment Chairman for the Naval Hospital has written letters to more than 60 organizations in Lake County asking their participation. Mr. Scott, employed at Johnson Motors, recognized the need for the program when he played Santa Claus at the hospital last Christmas.

On the evening of August 29th, servicemen watched Pete Lehman of Grass Lake tie flies, discussed shooting with Dave Myers and Charles Brown, and listened to the music of a combo of Lake County musicians composed of Frank Trusky, Frank Miheve, John Mahnjek and James Sanford.

If you or your group have activities which would entertain or interest these hospitalized servicemen please call your Lake County Red Cross, ON 2-4044.

The five were selected from twelve students who were interviewed in Chicago Saturday for the program. The team of five were selected from the original twelve by the High School staff.

Antioch High is one of twelve schools in the Chicago area invited to participate in the program. It is a new television series called "It's Academic". Groups of students from three schools will vie with each other weekly for the prizes.

The program is a general knowledge quiz, geared to high school subjects. It will be heard from 5:30 to 6 p.m., and is tentatively slated to start September 22. The date Antioch will participate is not yet certain, but Mr. Dittman, principal of the school, stated Antioch would be among the 12 schools scheduled to take part in the first segment of the program, a three-month period.

Winning teams will take part in a final program to determine the winner of the series.

Faculty advisers for the Antioch group are Lawrence Eggleston, James Corrigan and Kenneth Smouse.

Forty Antioch High Students will make the trip to Chicago in a school bus on the night of the program to support their team. Among the forty, said Mr. Dittman, will be the seven original members of the team who were not selected for the show.

In other news of the school, Mr. Dittman said he expected the new addition to the school to be completed, basically, by September 21. There will still be small jobs to be done, particularly on the exterior, but nothing that will interfere with the routine of the school. After meeting with contractors Tuesday, Mr. Dittman said, he felt sure that the cafeteria would be completed by the 20th to a point where the staff could move in for demonstrations on the operation of new equipment, and that the cafeteria would be ready for service on September 24th.

25th Year For Lions

The Antioch Lions Club marked their 25th anniversary Monday night, with a 2 layer birthday cake, champagne and old movies.

Turning away from the regular routine the club recalled "The good old days" via some movies taken of some of the club projects and outings of years gone by. The celebration, held at Joe and Helen's Loon Lake, marked 25 years to the day, as the original charter was issued September 10th, 1937.

Five charter members who are still active in the Club were honored guests at the affair and were made honorary members. They were Ed Vos, William Rosing, Irving Carey, Jim Horan and Frank Powles.

Preston Reckers, president of the Community Service Corporation announced that the club had received bond donations from Morris Pickus, Everett Oftedahl, M. Jost and one Lions member who preferred to remain anonymous.

Reckers also reported that over \$1800 in pool bonds had been donated back to the club in the past year.

Joe Patrovsky and William Rosing received Certificates of Appreciation for bonds turned in previously.

Joe Patrovsky reported on the forthcoming Turkey Shoot to be held at Sunny Acres on September 23rd.

A Thirty-Five Hour Week?

Union officials are starting to work on procuring a 35-hour work week for their members. Understandably, heads of industry have been prompt in trying to nip the idea in the bud. But the rather surprising thing is that the workers themselves are extremely lukewarm to the idea.

It's not so surprising, really, if you think about it. In the first place, the worker wants to know if he's going to get forty hours pay for thirty-five hours work. If he isn't, he can't afford the cut. If he is, he knows by sad experience who's going to eventually absorb the increased cost of production. The consumer is, and he's the consumer. So he can't win there.

And what will he do with his extra five hours of leisure a week? He can't afford to pay for entertainment for the leisure he has now. If he's developed a hobby to fill his spare time, he's found that that costs money too. And the more time he spends on it, the more it costs him.

What happened when the worker won a forty-hour week? He promptly went out and got a job to fill in the spare hours. He needed the money and he had the extra time. So now, instead of working forty-eight hours a week, he works 50 or 60. And he earns more, so Uncle Sam takes a larger bite of it.

So maybe the working man is beginning to feel that he just can't afford shorter working hours. He'll work himself to death if he gets any more benefits.

The Judicial Amendment

(First of a Series)

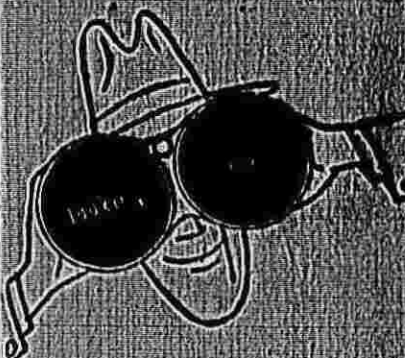

At the general election Nov. 6, a separate issue ballot will be handed each voter with which he will approve or reject an amendment to the Illinois Constitution. As required by law, notice of the amendment to be voted has been published in newspapers in every county of the state and a full and complete explanation mailed to every registered voter.

The amendment, if approved, will simplify the court system in Illinois and place the Supreme Court in a position to administer all courts in the state. It will vest all judicial power in three levels of courts: Supreme, Appellate and Circuit.

This new judicial article will modernize the court system in Illinois and unify its operation by providing a businesslike administration

Courthouse Notebook

BY LOU BURKIN

U.S. Senator Everett M. Dirksen, the minority leader of the Senate, came to Lake County Sunday to headline the Steer Roast Outing sponsored by the Warren Township Republican Club at the Serbian Monastery.

The touse-haired solon lured a substantial turnout of Republican faithful to the picnic grove along the non-flooding Des Plaines River and as usual he alternately lulled, aroused, and enthralled his audience.

Sen. Dirksen's oratory is legendary for its sonorous, rolling tones, the poetry of his verbiage, and his resort to the Scriptures and this is what the faithful came to enjoy.

It was too nice a day for serious messages and the veteran orator didn't disappoint his audience.

Sen. Dirksen was introduced by Cong. Marguerite Stitt Church in what might have been a farewell visit from her as the representative of Lake County in Congress, although it is certain she will always hold a high spot in the affections of Lake County Republicans.

Sharing the rostrum with the distinguished Washington visitors were the candidates for county office on the GOP ticket and Bill Scott, personable young aspirant for State Treasurer.

Former U.S. District Atty. Robert Tiekens was also on the platform and between speeches was busy sizing up the picnic grove as a possible addition to the Lake County Forest Preserve District in the event he is added to the Forest Preserve Advisory Commission.

This could be the year for ancient cars on the political scene if the past weekend is any indication.

County Coroner Robert H. Babcox and his family took part in the Warren Township parade to the picnic grounds in an ancient Model T Ford that encountered some difficulty getting over the bumps in the road and West Deerfield Supervisor Karl Berning, GOP aspirant for County Treasurer, waved to the crowd

for all courts. It also will assure a reduction in direct costs and indirectly assist by halting some of the lengthy delays in waiting for court cases to come to trial.

Albert J. Harno, court administrator for Illinois, stated in his annual report to the Supreme Court, that on Jan. 1, 1961, there were 49,142 cases pending in Superior and Circuit Courts in Illinois. On Dec. 31, that same year, this number had increased by eight per cent to 53,038. Under the present judicial system, this backlog of cases in all probability will continue to increase. Our court system now is designed to meet the needs and conditions of 1870 (the year the constitution was adopted).

The new judicial article will effect a more equitable system of electing justices to the Supreme Court. At the present time, 59 per cent of the people of Illinois elect one Supreme Court justice, while six justices are elected by the remaining 41 per cent of the population.

Qualified observers of government and the function of our court system have approved the judicial amendment. Furthermore, these same observers believe that if approved, the new judicial article will give this state the most effective system of judicial organization and administration in the nation—one which could well become the model for constitutional judicial revision by other states in the years to come.

I will dwell at more length on this proposal in subsequent weekly reports.

The next time the phone rings don't be surprised if the voice at the other end of the line asks you to be chairman of some committee. You see this is the time of year when all organizations begin to hum again. Although most groups select their officers in the Spring, NOW is the time when they must have the cooperation of us all. Naturally you cannot be active in all of the 114 organizations we have in our community, but I strongly urge you to seek out those you find most interesting, and join them. However, don't just join, take an active part, contribute your ideas and time, you'll find it more than rewarding when your group accomplishes its goal.

moving train on which he had hitched a ride was awarded \$275,000.00 by a jury, who maintained that the moving train was an attractive nuisance, irresistible to small boys, and should have been fenced in to keep the boys out.

It would take quite a fence to keep out any thirteen-year-old boy intent on adventure. In fact, the fence itself could be a challenge and thus become an attractive nuisance, should the boy happen to fall and break an arm or leg while climbing over it.

Under this interpretation of the law, you could be responsible if a bike-rider grabbed on to the rear end of your car or truck and was injured in so doing.

Putting the complete responsibility for the safety of children on the public could only lead to increased carelessness on the part of children and their parents, and to more injuries and deaths.

CHICAGO AREA RETAIL FOOD MARKETS

Consumer food prices edge higher mainly because of the usual effect of a short holiday work week and swing in to fall, rather than any real scarcity of supplies.

The U of I selects consumer bargain buys as: Meats—lamb leg roasts, beef chuck roasts, ground beef, rump and sirloin tip roasts, pork butts, poultry—turkeys and fryers, produce—apples, pears, seedless grapes, peppers, brussels sprouts, carrots, potatoes, onions, cauliflower and celery.

Government school lunch purchases of turkeys, already 15% in shorter supply than year-ago, helped to firm the market. Retailers generally quote 39-49c.

Dog Sitting Proves A Pleasure

Seattle, Wash. — Among the most popular visitors at this World's Fair City this summer have been an Antioch, Ill., couple who laughingly told friends last April they were going to have a 4300-mile round trip to "baby sit for a dog."

Mr. and Mrs. Tony (Sophie) Bishofberger left for home Wednesday, Sept. 5 and arrived home Friday after spending the past four months in Seattle managing an apartment house for his sister and her husband, Mr. and Mrs. Andrew Pappas. The latter visited friends and relatives in Europe during that time. It was the Pappas' plea that four months was too long to leave their pet dog in a kennel that decided the Bishofbergers on the trip West.

The couple say their favorite World's Fair sight was the famed Space Needle where they enjoyed the beautiful view of Seattle, Mount Rainier and the surrounding waterfront and colorful areas. They rode the monorail, saw the foreign exhibits, science exhibits, the Food Circus with its 25,000 pound fair cake. They also visited the Gayway, the World of Tomorrow and other exciting exhibits.

Apartment house tenants honored the couple with a Puget Sound salmon barbecue on their last evening in Seattle and earlier in the summer a beach-side party was held in observation of Mr. Bishofberger's birthday. Fishing was a special pastime during the summer and fish fries were held regularly, with the entrees coming from the fresh rock cod caught in front of the apartment house, from an 85-pound halibut caught by a tenant.

and from the tasty red salmon taken from the Sound waters nearly every weekend recently.

Of special note to the visitors was the sailboat Bounty making a Seattle stop in connection with the moving picture, "Mullin on the Bounty." In their nephew's 32-foot boat, the Antioch couple followed the Bounty from the salt water through the government locks into fresh water where the Bounty had the misfortune of going aground. The Bishofbergers watched the dredging operations necessary to free the vessel.

Guests from Antioch during the summer were the couple's daughter, Mrs. Lorraine Folbrink, and her daughter, Cheryl. The Bishofbergers say they are naturally anxious to see their daughter and grandchildren, their friends, home and job, but they are certainly glad "that little dog needed them when it did."

Over 4 loads for the cost of 1 when you dry with Gas

...Gas dries your wash faster and softer, too.

You save almost 4¢ a load with a modern gas dryer. Other kinds of dryers not only cost more to operate, they also require a warm-up period, and they take more time to do the job. Gas gives instant heat...dries clothes almost as fast as you can wash them. And gas doesn't have a dry baking action that sets wrinkles. Clothes come out fresh and sweet-smelling...all for a penny a load.

Save so much work. No more back-breaking lifting and lugging wet laundry out to the yard. No more running madly to take in the wash when it rains. No more wash-days postponed on account of bad weather.

Free trial offer. Visit your nearby Northern Illinois Gas Company store now. See the broad selection of gas dryers...all packed with features to make your drying easier and more efficient. Some even have a control to stop drying action automatically when clothes reach proper degree of dryness. Pick the model you want, and try it for 60 days—with no obligation. Matching washers also available. (Or check your appliance dealer for his attractive offer on gas dryers.)

Sequoits Open Season Against McHenry Here, Friday Night

The Antioch High School varsity football team, working under the lights, scrimmaged for a full hour Saturday night duplicating game conditions. The Sequoits are sharpening their attack for the first game of the season Friday night against the McHenry Warriors.

Both squads will take the field Friday night under the direction of freshman coaches. Roy Nelson of Antioch will be directing his first game as a varsity coach at Antioch, while Dean Hargish of McHenry was recently raised to the varsity post from his job as assistant last year.

"The coaching staff was pleased with the overall performance of some of the players in Saturday's workout, but not satisfied with overall team play," Nelson said.

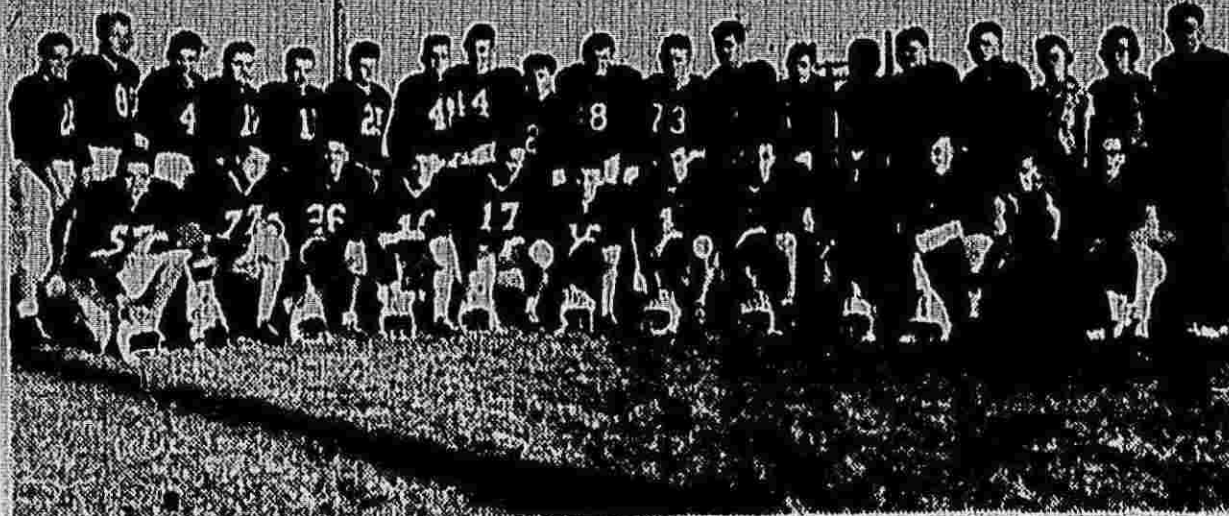

"For the balance of the week, we'll work on blocking and sharpening our offense."

Nelson singled out backfield men Rick Fowles, Rich Fitch, and Dean Horton in the scrimmage Saturday. They were running hard and blocking well," Nelson said.

Nelson also placed laurels on Lon Ipsen, at center who did a fine job on defense. "Ron Orloff, a newcomer to the squad with no football experience is improving with each practice session."

Coach Nelson issued a possible starting lineup on the basis of Saturday night's session. At the end positions, Les Giest (5-10, 155) and Ron Orloff (6-0, 170, at the tackles, Ray Peterson (6-1, 170) and Doug Lang (6-4, 190), at the guards, Ron Van Rooyen (5-9, 165) and Rick Prossie (5-10, 150), at center Lon Ipsen (6-0, 240).

In the backfield it's Rich Fitch (5-11, 175) at left half, Jim Wojcinski (5-10, 150) or Jeff Gates Jr., (5-6, 145) and

at fullback, Rick Fowles (6-1, 190).

Dean Horton, 5-10, 150 pound senior or John Lear Jr., 5-8, 140 pound junior, will direct the team from the quarterback slot.

Other boys slated to see action this year are Gregg Gates IIB, Tom Furlan, IIB, Jim Brownlee, QB, and Ken Larson, G.

The Sequoits will be facing a young inexperienced squad in the Warriors Friday as McHenry has lost 23 members from last years crack squad.

"Our boys this year are more experienced, enthusiasm is high and we'll win some ball games this year," Nelson said.

Checkers and Darts Play Last Softball

Mrs. Fred Bartlett

LAKE VILLA — A picnic was held Sunday at Sherwood Park to close the season of soft ball between the Antioch Darts and the Lake Villa Checkers. A final game was played and the Lake Villa Checkers won 7 to 4.

The husbands of both teams played a game Sunday and the Checker's husbands won 23 to 7. About 65 attended.

Mrs. Bernard Schneider, one of the players on the Checkers team, fell and hurt her knee. She was taken to the Doctor in Antioch. She is still unable to walk. That was the second time this year she fell, injuring the same knee.

Big Night Set At Midwest Speedway

The biggest weekend show of stock car racing to ever grace the grounds of the popular Waukegan Speedway has been set for this coming weekend, September 15 and 16. Track manager Mike Kaishian has set a triple program for Saturday night, featuring both sportsmen and late model stock cars, highlighted by a gigantic demolition derby. Sunday night, the popular modified stocks return with still more sportsmen racing added to the program. The modifieds will be featured in a big, double point, championship 50 lap feature event.

Time trials both nights will begin at 7:15 p.m. with racing getting under way at 8:30 p.m. The speedway is located just west of Waukegan on West Washington Street, between Skokie Highway (U.S. 41) and the Green Bay Road, (Ill. 131). Gates will open at 6:30 p.m. each night.

Rick Fowles, Dean Horton (partially hidden) and Rich Fitch, members of the football team.

Sorenson Wins 25-Lap Feature At Speedway

Piloting his modified Crosley to its first Waukegan feature victory of the year, able Russ Sorenson of Racine came home the top winner in the 25 lap main event for the modifieds, before a crowd of 1,750 persons here Sunday night.

Starting near the front row, Sorenson was able to grab the lead as the eighteen car field rounded into the first corner and he never lost it. The top six finishers ended 25 laps less than a car's length apart with the positions changing hands repeatedly. Strom, pushing hard, took second spot on the 24th lap, but drifted too wide on the turn, and Larsen regained the position at the checkered as the two finished nearly side by side, and right on the heels of Sorenson.

A mass mixup on the second lap stalled several cars and put two, Junior Dodd, Waukegan and Greg Krieger, Milwaukee, out of the competition for the night. Krieger's mount slammed into Dodd's in the spin, causing considerable car damage to both machines. Sorenson averaged 51.28 mph in coping the win.

Gorman Wins Soml Event
Gordon Gorman, Libertyville, was able to pass leader Milt Curcio, Racine, on the 8th lap of the 15 lap semi-final and go on for the win as the former USAC stock car driver finished the event an eighth of a lap ahead and averaged 47.98 mph.

Several spins and tangles resulted in other collisions through out the evening and some nearly produced serious roll-over accidents. On at least three occasions, the cars bounded high into the air, but landed rightside up and were able to continue without further mishap.

The sportsmen drivers had their heyday once again. Some 30 machines were on hand for the night's action and two eight lap heats, and a 12 lap feature event were staged. Gene Southern, Waukegan, was the only roll-over victim of the night. The race was stopped to allow Southern to escape from the overturned automobile. He was not injured. The second heat provided still more excitement as cars went into a

Mr. and Mrs. Anglers To Be Decided Sunday

One hundred and forty-eight couples had entered the Mr. and Mrs. Fishing Championship Tournament on Tuesday, September 11, Barney Shumneson of Channel Lake Boat House, in charge of the tournament, announced.

Leading the field to date, with 105 1/2 points is Mr. and Mrs. Robert DeDecker of Ingleside. Entrants from the surrounding areas, Barney says — Fox Lake, Graylake, Waukegan — have been scoring well. However, he has had very few entries from the Antioch area.

The tournament opened on Labor Day. There are two winning couples each day. This first phase of the tournament will close Saturday night. Winning couples at that time will compete in the

finals on Sunday, September 16.

The winning team in Sunday's competition will receive a trophy and will qualify for the Mr. and Mrs. tournament to be held October 13-14 at Hot Springs, Arkansas. The couple will receive an all-expense-paid trip to Hot Springs for the competition.

There is no entry fee in the tournament. Rules will be furnished to contestants when they register at the Channel Lake Boat House.

With the close of the Mr. and Mrs. tournament, eliminations in the state singles championship of Illinois, for both men and women, will start at Channel Lake Boat House on September 17. Eliminations will continue for thirteen days, with two people qualifying each day for the state finals on September 30.

High Scores Mark Opening of Bowling At Antioch Bowl

The Antioch Major League started off the 1962 season with some blistering scores—all of which will probably be beat as the season gets into full swing.

There are a lot of new faces in the league this year, and several new teams, but the high scorers this week are familiar names.

George Sargent of Volo Bait Shop turned in the high series of the night — a 670 with games of 225-232-213. M. Diana was next, with a 667 series and games of 210-233-224. Les Lauer of John Gaa scored 213-203-224 for a total of 640. Art Bywell had 618 with a 241 game, Gino Pichetti had 607 with a 233, and Ray Horan had 604 with a game of 247. Dec Gae Lounge, led by Pichetti's high score, had high team series with 918-898-874, a total of 2891.

Log Cabin Inn had high series in the Wednesday Business Men's League, with 763-899-951. High individual scorer of the evening was Joe Eisenbus, with 201-212-225 for a total of 638.

Marcia Palmer was high scorer in the ladies Tuesday night Gutterball Girls, with games of 156-180-156. Peder-sen's Bakery had high team series of 673-685-655.

The ladies of the Pinspot-ter's league started the season with some high series. Curly Wertz was high scorer of the evening, with 193-197-127 for a 517 series. Morry Koulman had a 512 series with scores of 190-160-162. Volo Bait Shop had high team series with 755-755-693.

Jr. Leaguers Open Season at Bowl

Junior League bowlers started their season on September 8 with fourteen teams and some scores that could be envied by older bowlers.

Bob Lenczewski had 180-165-186 for a 531. Jerry Berke had 156-172-165 for a 493. Roy Miller had 180-181-156 for a 517, and Ray Westhoff had 177-175-158 for a 510.

Barbara Casella had a 191 game, and several young bowlers had over 160.

"Charlie's" Still Free

Several local people have caught prize-winning fish in the Pepsi-Cola Fishing Derby.

Numbers 1, 2 and 3 are still unlisted in the catches. No. 1, a Northern Pike called "Charlie", is worth a Ford Falcon Station wagon; No. 2, a bass tagged with the unlikely name of Harvey, will bring a successful angler \$1,000.00; and Susie, a bluegill, is worth \$500.00.

Some recent winners and the prizes they received are: a Cronstrom Picnic Cooler, Frank Zabol, Fox Lake, for a crappie; Frank Ambacher, Lake Villa, white bass; Lee Oppido, Ingleside, a crappie; Tom Nolan, Fox Lake, a striped bass; James Adduci, Fox Lake, a bass; winners of a Heddon rod are: Lillie Skrzenta, Fox Lake, a crappie; Allan Nielson, Ingleside, a crappie; Walter Korpan, Fox Lake, a bass; George Viner, Fox Lake, a white bass; Barbara Ambacher, Lake Villa, a perch; Henry Trent of Fox Lake
